ABOUT THE COVER

Construction of Libya's Great Man Made River Project—the largest water pipeline in the world. Canadian company SNC-Lavalin was listed as a key player on this project in EDC's list of 50 International Projects with Canadian involvement, which appeared as a supplement in our May/June 2008 issue.

The Infrastructure Renewal Magazine

JULY/AUGUST 2008

FEATURES

- 17 Complete Communities** If it's not economic, it's not sustainable. *By Glenn Miller and Michelle Drylie*
- 41 Eco Industrial** A makeover for spaces that were once sprawling slabs of concrete. *By Clay Braziller*

INTERNATIONAL

- 22 Biomass Goldrush** *Kerry Freek* joins a Canadian delegation to Sweden's World Bioenergy Conference and learns there are customers for our wood pellets.
- 24 Sustainable Italian Infrastructure** *James Sbrolla* joins a Canadian and Mexican delegation on a tour of Italian waste management facilities, eco parks and more.
- 27 From the Ground Up** From economic disaster to best practice for three cities in Sweden. *By Glenn Miller*
- 28 Dutch Dirt** *Hon Lu* traveled with a Canadian delegation to the Netherlands and learned the value of sand.

ENERGY

- 30 Forecast: High Winds** Is there room for any more developers on the wind energy bandwagon? *By Mira Shenker*
- 33 Beyond Green Building** We know how to make one building efficient, now it's time for entire communities. *Brent Gilmour* examines district energy's role in community planning.
- 35 Putting the DE in Development** The infrastructure behind district energy systems. *By Mike Sommer*

ASSET MANAGEMENT

- 36 AM 3.0** Municipalities need the accounting techniques of the future, today. *By Tanya Gulliver*
- 38 PSAB Conflict** The disagreement between financial accounting and engineering departments. *By Silbert Barrett*
- 39 Talking Roads and Bridges** The new technology that goes beyond visual inspection. *By Michele Rochon*

DEPARTMENTS

- 6 Editor's Note** Where are all the skilled workers? *By Mira Shenker*
- 7 Letters** Stéphane Dion on the Liberal "Green Shift" Plan; environmental policy gone awry and more.
- 10 Opening Shots** P3s in Alberta and Nova Scotia, electric buses in Quebec and more nukes in Ontario.
- 12 ReLocate** Jobs gained and lost in the industry.
- 13 Top 100 Update** Transportation and energy dominate the list.
- 14 ReFinance** Partnerships BC's Larry Blain updates *Dale Richmond* on the province's P3 progress.
- 45 Community Profile** Iqaluit, Nunavut
- 46 The LEED List** Five new CaGBC certifications.
- 47 ReEvents** FCM's Annual Conference, Shifting into the Mainstream, Partnering for Public Infrastructure and more.
- 41 Closing Shot** *Todd Latham* calls for benevolent dictators.
