The Infrastructure Renewal Magazine

JULY/AUGUST 2009

## FEATURES

- 26 Building a Round Table** The future of the National Round Table on Sustainable Infrastructure. *By Reg Andres, Ric Robertshaw and Wally Wells*

## BUREAUCRACY

- 14 Getting It Done** How to move projects forward at the local level. *By Myron Belej*
- 18 Bio-Cracy** Steps to freeing bioenergy projects from regulatory barriers. *By Bruce McCallum*
- 20 Merge Ahead** Acquisitions and mergers abound, creating an industry of mega-companies bidding on mega-projects. *By Mira Shenker*

## ENGINEERING

- 28 Technofix** Engineering the Earth to help mitigate the effects of global warming. *By Mira Shenker*
- 30 Accounting 101** Why engineers should stop ignoring PSAB 3150. *By Reg Andres*

## REGIONAL FOCUS: ATLANTIC CANADA

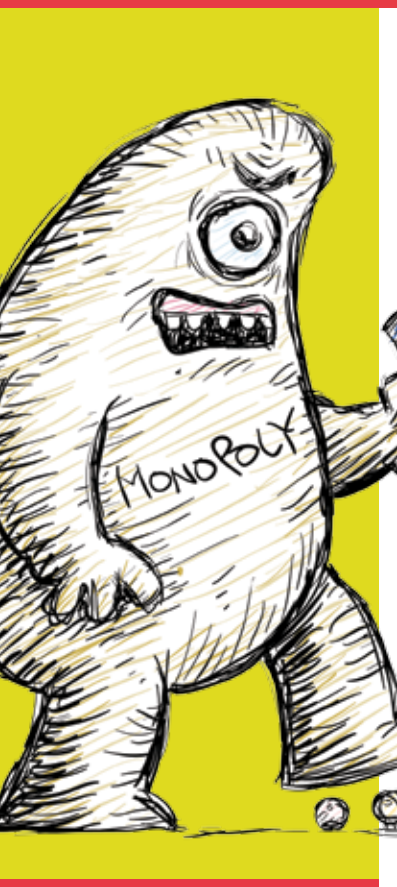

- 34** News from Nova Scotia, New Brunswick Newfoundland and P.E.I.
- 34 Energy Independence** A northeast energy corridor could be one of the biggest infrastructure projects in Canada. *By Charles Mandel*
- 36 Newfoundland Underground** Historic infrastructure. *By David J. Penny*

## DEPARTMENTS

- 4 Editor's Note** The elephant in the FCM conference room. *By Mira Shenker*
- 5 Letters** *Carl Bodimeade* on "good" versus "shovel-ready," *Gordon Campbell* on just plain shovel-ready, and *Michael Monette* on getting Ontario GEA-ready.
- 8 Opening Shots** A look at the news you're missing if you're not visiting [renewcanada.net](http://renewcanada.net) every day.
- 10 ReLocate** Jobs gained and lost in the industry.
- 12 ReThink** Special report from our Ottawa correspondent, *Guy Félis*: stimulus and sustainability.
- 25 Community Profile** Moncton, New Brunswick: a 249-acre remediation. *By Kathleen Brown*
- 33 The LEED List** Five new certifications in Canada.
- 37 StormWatch** How to avoid putting the right project in the wrong community. *By Storm Cunningham*
- 39 ReFinance** How Canada's provinces have surpassed all but a few American states in the P3 market. *By Anthony Ferrari*
- 40 ReEvents** Canadian Network of Asset Managers workshop, FCM's annual conference, National Engineering Summit and more.
- 42 Closing Shot** Trade issues between Canada and the United States. *By Todd Latham*

### ABOUT THE COVER

The latest innovations in engineering and asset management examined in this issue may not be as sexy as the solar shade our cover rendering depicts (the graphic shows two-foot-diameter transparent flyers that would blur out transmitted light into a doughnut), but they're critical to the industry's future.
