CANADA

The Infrastructure Renewal Magazine

SEPTEMBER/OCTOBER 2009

FEATURES

- 8 Building Canada** Accelerated and increased funding means new projects across the country. *By Mira Shenker*
- 9 Is Action Enough?** ReNew Canada editor *Mira Shenker* brought industry leaders together in Ottawa to talk about stimulus funding, economic action, and the future state of Canada's infrastructure.
- 50 Preparing for a Low Carbon Economy** Kicking the hydrocarbon habit. *By Greg Allen*

REGIONAL FOCUS: ONTARIO

- 18 News from Ontario** Every issue, we focus on a different region within Canada, reporting on various sectors of our industry.
- 20 Growing Pains** The progress—and pushback—since Ontario implemented its Growth Plan. *By Dan O'Reilly*
- 23 Taking a Step Back** The importance of regional planning. *By Marcy Burchfield*

URBAN SUSTAINABILITY

- 24 Growth Planning Across Canada** How some of our biggest provinces are balancing growth and the protection of natural resources. *By Hilary Vaillancourt*
- 26 Clean Energy Infrastructure** Where do clean energy projects fit in the marketplace? *By Christopher Henderson and Michael Gerbis*
- 28 Radical Urban Sustainability** Going well beyond our most ambitious plans for the future, today. *By Alex Aylett*

CANADIAN BROWNFIELDS 2009

- 30 Canada's Contaminated Sites** Funding the redevelopment of unused land.
- 32 An Ounce of Prevention** The extreme contamination that ended in litigation. *By Mira Shenker*
- 35 Unleaded, Please** The most common type of brownfield and how to redevelop it. *By Tammy Lomas-Jylha and Joanna Hickling*

WASTE INFRASTRUCTURE

- 37 Waste Not, Want Not** How the Swedes have created a closed system. *By Glenn Miller*
- 41 Trash Value** Reusing our waste unlocks more value than incinerating it. *By Nancy Grenier*

TRANSPORTATION

- 43 Rapid Rail Revolution** Across Canada, new light rail projects are seen as an efficient alternative to the automobile. *By Paul Nimigon*
- 46 Citizen v. City** How putting in a new rail line could get you sued. *By Dianne Saxe*

DEPARTMENTS

- 4 Editor's Note** Taking stock after a big year for infrastructure. *By Mira Shenker*
- 5 Letters** *Peter Busby* wants us to bust out of our silos.
- 6 ReLocate** Jobs gained and lost in the industry.
- 13 ReThink** The choices governments and industry leaders make now will determine the state of our future infrastructure. *By Guy Félto*
- 15 Re: The Law** Municipalities should take a close look at their contracts with upper tier governments. *By Bradley N. McLellan and Daniel P. Ferguson*
- 48 StormWatch** Is your community revitalizing backwards? *By Storm Cunningham*
- 52 The LEED List** 13 new certifications in Canada.
- 53 ReFinance** Don't believe the rumours—P3s aren't extinct yet. *By Daniel Roth*
- 55 Community Profile** Clarington, Ontario: Rapid growth and controversial solutions. *By Kerry Freck*
- 57 Re Events** The Future of Canada's Infrastructure, the ICLEI World Congress, and CUI: Tracking the Growth Plan.
- 58 Closing Shot** *Kerry Freck* wonders whether new standards will force municipalities to upgrade the same assets twice.

CANADIANS AT WORK: 50 International Infrastructure Projects

SPECIAL INSERT INCLUDED

ABOUT THE COVER

The increase in spending on domestic projects hasn't stopped Canadian power players from continuing to work internationally. This shot, courtesy of PCL Construction, was taken during construction of the Sound Transit Link Light Rail Project in the United States. Our listing of international projects is included with this issue.
