The Infrastructure Magazine

 NOVEMBER/DECEMBER 2012

- 18 The Bid for Funding** The difficulty with trying to define need leading up to a new federal infrastructure plan is that it's everywhere, and broadening all the time. How do industry associations set their sector apart? *By Saul Chernos*

NEW TECHNOLOGIES

- 8 Cloudy with a Chance of Powers** What concrete changes have much-hyped technologies like "cloud" and "smart grid" brought to the industry professional's average workday, and what's to come. *By Mira Shenker*
- 14 App Overload** *Luigi Benetton* wades through the plethora of apps available for both professional and personal use and chooses the most practical.
- 17 Open-Source Tools** How to develop an app that people will actually use. *By Kerry Freek*

ENERGY

- 26 Traditional Health Care, Alternative Energy** The business case behind choosing district energy to power a redeveloped hospital. *By Glenn Miller*
- 28 Thirsty for Power** Considering water consumption and other factors in energy generation. *By Mira Shenker*

URBAN PLANNING

- 30 Is the Grass Always Greener?** A lush lawn can be a drain on scarce water resources, but it may also be a boon to cities with stormwater issues. *By Kerry Freek*
- 32 Feed My City** Cutting-edge designs for urban spaces feature agriculture. *By Mira Shenker*

DEPARTMENTS

- 4 Editor's Note** *Mira Shenker* advises asset managers to take a page from the National Pig Association's playbook.
- 5 Front** Comments and letters about the infrastructure report card, an update on the proposed penny tax, and a look at exclusive online content.
- 22 Panorama** The TTC is boring.
- 34 ReFinance** U.K. consultants are being snapped up by foreign firms. What does this mean for the global market? *By Colin Leopold*
- 36 Canadians at Work** Canadian-made wetlands. *By Annie Chouinard*
- 38 ReLocate** Jobs gained and lost in the industry.
- 39 ReEvents** The National Infrastructure Summit, Sustainable Transit, and RCCAO's Excess Construction Soils Workshop
- 42 Closing Shot** Unsustainable sustainability. *By Todd Latham*
