### The Infrastructure Magazine

---

 SEPTEMBER/OCTOBER 2013
 

---

#### TRANSPORTATION

- 10 Assets or Liabilities?** *Saul Chernos* reports on the state of Canada's bridges and how it reflects a need for better planning.
- 14 Done in a Flash** *Treena Hein* examines how rapid bridge replacements are helping to minimize traffic disruptions and reduce costs.
- 18 The Road Most Travelled** P3s are growing when it comes to transportation infrastructure.  
*By André Voshart*

#### CANADA-U.S. PARTNERSHIPS

- 28 The New Brain Drain** *Mark Bain* and *Tara Mackay* delve into the reasons Canadian firms export P3 expertise south of the border.
- 32 The Integrated Grid** *Patrick Brown* recommends strengthening the Canada-U.S. electricity relationship.
- 36 Western Union** British Columbia, California, Oregon, and Washington work together on infrastructure planning.  
*By André Voshart*

#### PUBLIC WORKS & URBAN DESIGN

- 24 Levelling Off** Alberta's long road to recovery after devastating floods.  
*By Clark Kingsbury*
- 40 The Urban Design Action Plan** *Michael von Hausen* lists the elements needed for sustainable urban spaces.
- 44 White-Hot Water Tech** Israel opens up about water efficiency.  
*By Kerry Freek*

#### DEPARTMENTS

- 4 Editor's Note**  
Use times of crisis to make bold moves.  
*By André Voshart*
- 5 Front** Safety after Lac-Mégantic, timid engineers, and healthy infrastructure choices.
- 20 Re: The Law** *Sharon Vogel* and *Sonny Ingram* outline how to mitigate the risks associated with green buildings.
- 26 Panorama** Calgary's Peace Bridge faces flood waters.
- 46 ReLocate** Jobs gained and lost in the industry.
- 47 ReEvents** CBN Annual General Meeting, Canadian Water Summit, Canadian Urban Forum
- 50 Closing Shot** *Todd Latham* likes the word "innovate" and thinks our future depends on it.
