CANADA

## The Infrastructure Magazine

NOVEMBER/DECEMBER 2013

### CANADA-U.S. PARTNERSHIPS

**8 Looking South** *André Voshart* moderates a roundtable examining opportunities and challenges in exporting infrastructure expertise to the U.S.

### FUTURE CITIES

**14 Future-Proof Cities** As extreme weather events increase in frequency, *Saul Chernos* reports on how architects, planners, and engineers can build resiliency into our cities.

### CONSTRUCTION

**18 All Wrapped Up** *Stephen Bauld and Glenn Ackerley* examine how a balanced approach to construction bundling could reduce its effects on the industry.

### PUBLIC WORKS & ENERGY

**24 In the Know** Effective communication with the public about infrastructure initiatives is important for long-term success. *By Treena Hein*

**26 Data Overload** *Bruce Orloff* explains why a smart and interconnected grid presents big opportunities for utilities.

**30 From Vision to Reality** *Laura Tozer* learns from Canadian municipalities that have moved past the visioning stage of their community energy plans.

**34 Slow Uptake** Why is the overall practice of municipal asset management so low? *Kealy Dedman* explains.

### DEPARTMENTS

**4 Editor's Note** *André Voshart* says smart cities do three things well.

**5 Front** Canada's competitive advantage, re-examining transit funding, and how P3 experience pays.

**22 Panorama** British Columbia's Cleveland Dam is 60 years strong.

**36 ReFinance** Why Canadian pension funds aren't investing in Canada.

**38 ReLocate** Jobs gained and lost in the industry.

**39 ReEvents** Meeting of the Minds, CAPS Conference, Public Works Association of British Columbia.

**42 Closing Shot** *Todd Latham* asks politicians to start acting like adults.
