JANUARY/FEBRUARY 2014

TOP 100 PROJECTS

- 8 Top 100 Spotlight** A look at Canada's top infrastructure projects: industry trends, and what didn't make the cut. *By André Voshart*
- 12 Cross-Country Checkup** *Saul Chernos* profiles three recently completed projects: the southeast section of Calgary's Ring Road, St. Joseph's Healthcare Hamilton, and B.C.'s South Fraser Perimeter Road.
- 16 In Line** How Ottawa's Confederation Line applied standards to facilitate smooth project management. *By Gary Robinson*

PLANNING & DESIGN

- 22 Finding Your Way** Wayfinding strategies ensure order and safety are integrated in project designs from the start. *By Wayne McCutcheon*
- 24 Stand Up to Sprawl** The hidden costs and new approaches to address suburban sprawl. *By André Voshart*

ENERGY

- 26 The Future of Renewables** *Mark Porter and Steve Lewis* make 10 suggestions to further renewable energy and capitalize on gains made to date.

SPECIAL INSERT

Top 100 2014 Our eighth annual report on Canada's biggest infrastructure projects.

DEPARTMENTS

- 4 Editor's Note** *André Voshart* demands countries get their priorities in check.
- 5 Front** Municipal energy planning, project bundling, and expertise wanted in U.S. developments.
- 18 Panorama** British Columbia's Port Mann Bridge replacement and South Fraser Perimeter Road.
- 20 ReFinance** Why municipalities should look beyond monetary benefits when considering P3s. *By Sasha Pejčić*
- 28 People & Events** Appointments, awards, QUEST, CanWEA, the Canadian Council for Public-Private Partnerships' annual conference, and RemTech.
- 34 Closing Shot** *Todd Latham* wants companies to measure their natural capital.
