ENERGY

- 12 Aboriginal Power** From coast to coast, *Chris Henderson* looks at how Canada's First Nations communities have become powerful partners in renewable energy developments.
- 16 The Right Mix** How Ontario balances the many forces at play in the power sector with its new Long-Term Energy Plan. *By Robert Eeuwes*

PUBLIC WORKS & ASSET MANAGEMENT

- 18 A Smarter City** Edmonton revolutionizes its municipal services with geospatial information. *By Jim Dobbs*
- 24 What Lies Beneath** Mitigate costly and potentially damaging excavation risks with data mapping and subsurface utility engineering. *By Kevin Vine*
- 26 Smart Assets** A new set of ISO standards will help cities and organizations develop strategic asset management plans. *By James Reyes-Picknell*
- 30 Silent but Deadly** *Alan Young* teaches owners how to control the effects of corrosion on vital infrastructure assets.

OPINION

- 32 A Matter of Choice** With Canada's building code currently in flux, industry experts *Brian Hall* and *Richard Lyall* voice their opinion on concrete and wood construction.

DEPARTMENTS

- 4 Editor's Note** *André Voshart* explains why energy transmission infrastructure is needed in Northern Canada.
- 5 Front** The creeping cost of climate change, P3 borrowing capacity, and a Quebec biogas facility gets funding.
- 8 Top 100 Projects** A super-beam is installed on the Champlain Bridge, Canada awaits U.S. commitment on a Detroit-Windsor bridge, and the Sydney tar ponds project wraps up.
- 18 Panorama** Montreal's Champlain Bridge undergoes its regular maintenance routine.
- 36 ReFinance** Municipalities must drive innovation through a new generation of partnerships. *By Chris Loreto and Dave McCleary*
- 38 People & Events** Appointments, renamed companies, the Canadian Association of Planning Students' conference, the Ontario Sewer & Watermain Construction Association, and the OPWA's annual conference.
- 42 Closing Shot** *Todd Latham* sits down with Ontario Infrastructure Minister Glen Murray.
