TOP 100 PROJECTS

- 10 Top 100 Spotlight** Insights into Canada's Top 100 infrastructure projects—industry trends, and what didn't make the cut. *By André Voshart*
- 16 Cross-Country Checkup** Lessons learned from two recently completed Top 100 projects: the McGill University Health Centre and Long-Term Accommodation Project. *By Katie Yantzi*
- 20 Capturing Value** Some see carbon capture and storage as the only way to achieve emission targets, and Canada is leading the way. *By Eve Krakow*
- 22 Engaging Strategy** How a \$700-million urban wastewater treatment plant's collaborative design process resulted in a unanimous vote of approval. *By Noelle Stapinsky*

SPECIAL INSERT

Top 100 Projects 2015 Our ninth annual report on Canada's biggest infrastructure projects is inserted into the centre of this issue.

MEGA-PROJECTS

- 24 Too Big to Fail** *David Caplan* writes about managing political risk around mega-projects.

WATER INFRASTRUCTURE

- 28 What's Old is New** How an abandoned, century-old bridge in Ontario was repurposed into a new piece of water conveyance infrastructure. *By Nathaniel Andres*

DEPARTMENTS

- 4 Editor's Note** *André Voshart* looks at the rise of climate-friendly infrastructure financing.
- 5 Front** Montreal's new inspector-general, and how John Tory's transit plan signals relief for Toronto's chronic congestion.
- 18 Panorama** The 18,000-seat Quebecor Arena under construction in Quebec City takes shape.
- 30 People & Events** Appointments, awards, acquisitions, the Sandford Fleming Forum, the CCPPP Annual Conference, and QUEST 2014.
- 34 Closing Shot** *Todd Latham* on handling risk as extreme weather drives up the cost of insurance and infrastructure.
