## FEDERAL ELECTION

**8 Getting Our Priorities Straight** With a federal election in October, industry stakeholders and politicians reveal what they see as Canada's top infrastructure challenges. *By André Voshart*

## FUTURE CITIES

**14 The Roads of the Future** Autonomous vehicles are a truly disruptive technology, and we must plan now for their impact on transportation and transit infrastructure. *By Paul Godsmark, Barrie Kirk, Vijay Gill, and Brian Flemming*

**18 The City of the Future** The digital highway is the most important element of smart cities and it will unleash the ability to innovate and prosper unlike ever before. *By Rick Huijbregts*

**24 Smart Mobility** How intelligent parking technologies can ease urban congestion—and transform our cities. *By David Cummins*

## GREEN INFRASTRUCTURE

**28 Architecture Meets Agriculture** The emergence of financially sound agritecture projects within the urban form. *By Steven Peck*

## ENERGY

**30 Canada's Other Energy Boom** Electricity transmission development is bustling across the country, and that's good news for Canada. *By Brian Abeld*

## FINANCING

**32 Want Transit? Vote on It** Vancouver's \$7.5-billion transit referendum could be a template for making major infrastructure projects election proof. *By David Caplan*

**34 Trending P3** The evolving role of value-for-money analysis in supporting project delivery selection. *By Gianni Ciuffo, Kanishk Bhatia, and Mohammed Mehany*

## DEPARTMENTS

**4 Editor's Note** *André Voshart* is ready for the upcoming federal election—and the promises to come.

**5 Front** Taking politics out of transit planning, and moving ahead with the \$200-million Fairview Container Terminal expansion.

**22 Panorama** Quebec's Gatineau Park hold the nature-reclaimed ruins of a mill built in the early 1900s.

**26 Re: Finance** *Scot Blythe* outlines the gateways available for pension fund infrastructure investments.

**38 People & Events** Appointments, acquisitions, partnerships, Connecting Water Resources 2015, OCS State of the Industry & Outlook Conference, Building Ontario's Infrastructure Advantage.

**42 Closing Shot** *Kathleen Wynne* on why we need a national infrastructure partnership.
